2. PURPOSE AND SCOPE

2.1 These General Terms and Conditions for the Organization of Transport and Customs (hereinafter referred to as "GTC") shall apply to any purchase of Services made by the Principal from the Service Provider by means of an Order.

2.2 The GTC define the conditions under which the Principal entrusts the Service Provider, who accepts, as a professional, with the organization of the Services in respect of any commitment or operation whatsoever relating to the physical movement of Goods and/or the management of the flow of Goods of all kinds, whether packaged or not, from all sources, for all destinations, both domestically and internationally, including their possible storage and the completion of the inherent customs formalities, for a freely agreed price ensuring fair remuneration for the services provided.

2.3 Any Order accepted without reservation by the Service Provider shall, unless otherwise agreed between the Parties, constitute express acceptance or commencement of performance by the Service Provider of the terms and conditions set forth below which shall exclusively govern the relationship between the Principal and the Service Provider together with the Order. No special terms and conditions or general terms and conditions of the Service Provider shall, unless expressly accepted by the Principal, take precedence over the terms of the GTC.

2.4 Each Party acknowledges that it has had access to information whose importance was decisive for its consent within the meaning of article 1112-1 of the French Civil Code and thus acknowledges that it has entered into the Order with full knowledge of the facts. The Service Provider declares that it has been able to verify the accuracy and completeness of the information to which it has had access and to include all contingencies and problems in its price.

2.5 In the event of any inconsistency between the provisions of the GTC and the Order, the Parties agree that the provisions of the Order shall prevail. Any exceptions to the GTC under the Order are set out in the special conditions of the purchase order. In the event that, after negotiation between the Parties, a specific contract or a framework contract relating to the same subject matter comes into force, it is agreed that it shall replace the GTC and any other special conditions, which shall then become inapplicable.

2.6 The GTC shall be effective as of 01/01/2022. The GTC applicable to each Order shall be those in force on the date the Order is signed.

2.7 The fact that the Principal does not at a given time avail itself of any of the provisions of the GTC shall not be interpreted as a waiver of the right to avail itself of the said GTC at a later date.

2.8 The Service Provider shall be deemed to have taken cognisance of the GTC and shall ensure that its employees and any Substitutes are aware of and comply with them.

3. OBLIGATIONS OF THE SERVICE PROVIDER

3.1 Nature of the obligations

The Service Provider shall seek instructions from the Principal.

If the Service Provider is unable to obtain the Principal's instructions in good time, the Service Provider shall take such steps as appear to it to be in the Principal's best interests to preserve the Goods or to transport them by other means. Upon presentation of the supporting documents by the Service Provider, the reasonable and duly substantiated costs thus incurred shall be borne by the Principal.
